☞ Job shadowing opportunities for our S5 students

- Under the New Academic Structure (NAS), Other Learning Experiences (OLE) is one of the three components that complement the core and elective subjects for the whole person development of students. Students are offered a range of OLE opportunities encouraging them to participate in the five areas of OLE, namely Moral and Civic Education, Community Service, Career-related Experiences, Aesthetic Development and Physical Development.
- The "King's College - Job Shadow Programme", co-organized by the Careers Committee of the King's College and the KCOBA, was successfully launched in 2014-15. **Eighty S5 students were given opportunities to shadow alumni and their related parties for half day to two days during school holidays.** In view of the positive responses from our alumni and students, the School has decided to continue this meaningful activity during Christmas, Lunar New Year, Easter and other school holidays.
- If you are interested in offering our students with work experience options by shadowing you through the work day, please refer to the attached file for details and return the completed registration form **on or before 30 Nov 2015**.
