

**\*\*\* Greetings from Our New Principal \*\*\***

**Mr. TANG Kai-chak**

*Newly transferred from Shau Kei Wan East Government Secondary School where I served for three years, I started my life at King's College in September 2016. I have a strong feeling of the King's Spirit through the hospitality of KCOBA and prominent alumni.*

*Kingsians are good at not only academic achievement but also music, sports and leadership. I highly appreciate the school's great effort and commitment to provide all-round education to students. The drive for excellence permeates deeply the school culture.*

*As the new principal at King's College, I would like to express my heartfelt gratitude to all former Principals for their remarkable guidance, commitment and leadership in creating a caring and inclusive campus. Their contributions in improving the school facilities have facilitated the building of a better learning environment for the wholesome development of our students.*

*Last school year we celebrated the 90<sup>th</sup> Anniversary of King's College. Ninety years sounds like an eternity, yet it was just like yesterday when we look back through time. I am now sitting in the same building which was established in 1926, and it has developed tremendously since then. It is the efforts of the people working here and the students who have been studying here that have made King's College's reputation exalted all over the world.*

*Cautiously we thus heed our steps. Proudly we look at our achievements. Let us continue to love truth, to seek knowledge and to embrace the challenges ahead.*
